

NGUYEN THANH DUNG

WEB DEVELOPER

ABOUT ME

I'm a third-year majoring in software engineer student at Nguyen Tat Thanh university. As a passionate and enthusiastic young Website Developer. With my acquired knowledge, creativity, and hard work, I hope to contribute to the development of the company in an intern position.

OBJECTIVE

- Short-term goals: successfully complete the internship and try to become an official staff contributing to the development of the company.
- Long-term goals: learn some front-end technology to become a full-stack web developer in the future.

WORK - EXPERIENCE
