

NGUYEN THANH DUNG

INTERNSHIP WEB DEVELOPER

ABOUT ME

I'm currently in my third year at Nguyen Tat Thanh University. As a passionate and enthusiastic young Website Developer, I have the desire to become a professional web developer. So, I want to find a dynamic work internship environment, especially in Website development to improve my skills and knowledge.

OBJECTIVE

- **Short-term goals:** successfully complete the internship and build a personal brand in my career
- **Long-term goals:** in the next two years, I want to become a full-stack developer and have deep knowledge of web programming
